IB Boot Camp Description

This camp is designed to ensure, first and foremost, that incoming IB freshman have a solid mathematical foundation when they enter this rigorous program. The camp will also begin to introduce the incoming IB freshmen to one another. They will have the opportunity to begin forming friendships and a team spirit. These connections will help them in the transition from middle school to high school.

During the two morning camp sessions, the students will participate in several academic classes including English, World Language, Science, and Math as well as ice breakers and team building exercises. This camp will be highly beneficial to the incoming freshmen and attendance is strongly encouraged.
